The screenshot shows the SAP BTP Cockpit interface. On the left, there is a navigation menu with options like Overview, Services, Cloud Foundry, HTML5 Applications, Connectivity, Security, Endpoints, Usage Analytics, and Legal Information. The main area is titled 'Subaccount: trial - Instances and Subscriptions'. It contains a 'Subscriptions (1)' section with a table showing one subscription: 'SAP Business Appl...' with status 'Subscribed'. Below this is an 'Instances (1)' section with a table showing one instance: 'default\_abap-trial' with status 'Created'. To the right, the details for 'default\_abap-trial' are displayed, including instance ID, service, and plan. A red handwritten note 'Click on those three dots' with an arrow points to the three-dot menu icon next to the 'default\_abap-trial' instance in the table.

Note: That file is going to be downloaded in Text format, so rename it and change the extension like "Filename.JSON"
