LAB MANUAL 1
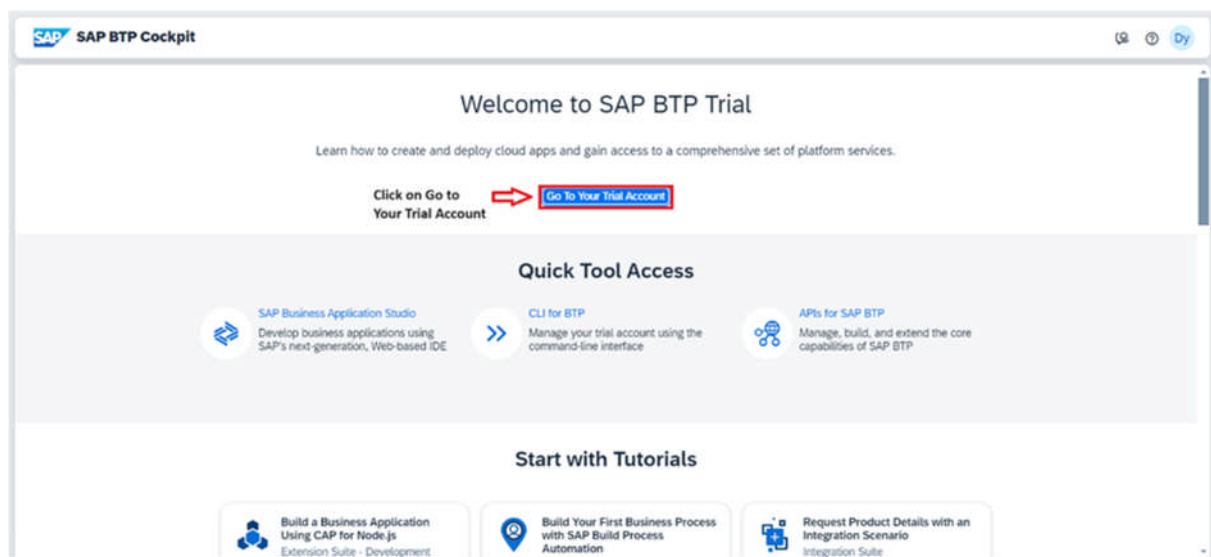

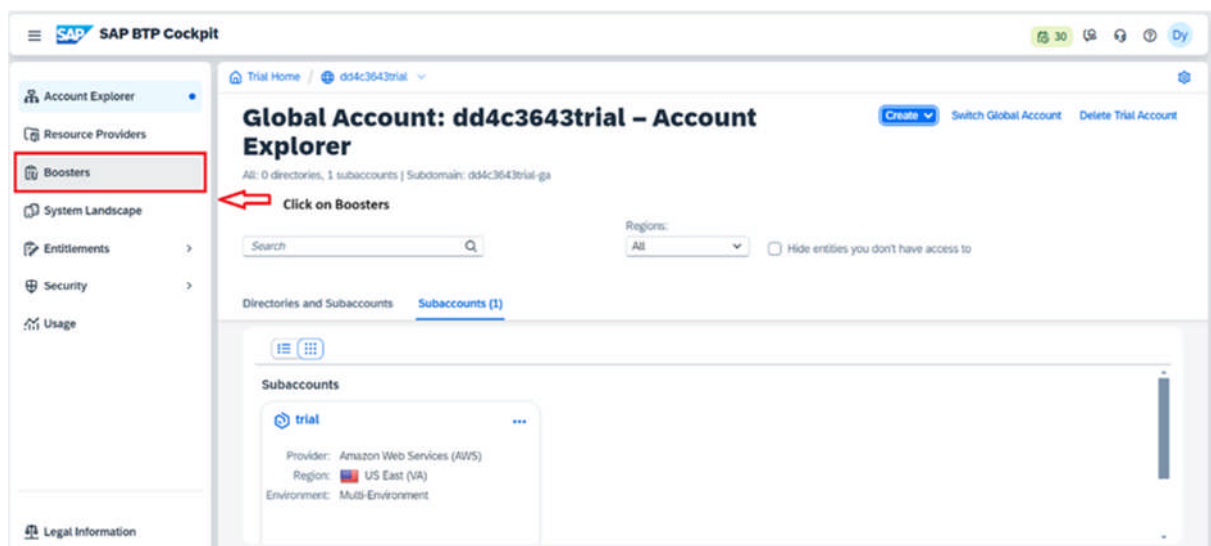

Setup SAP Build Code in SAP BTP

Lab 1: Setup SAP Build Code in SAP BTP

1 Run the SAP Build Code Booster

1.1 Access your [global account](#) and click **Go To Your Trial Account**.

1.2 In the navigation pane, click **Boosters**.

1.3 Search for **SAP Build Code**.

1.4 Open the booster to see the overview, components, and additional resources, and click **Start**.
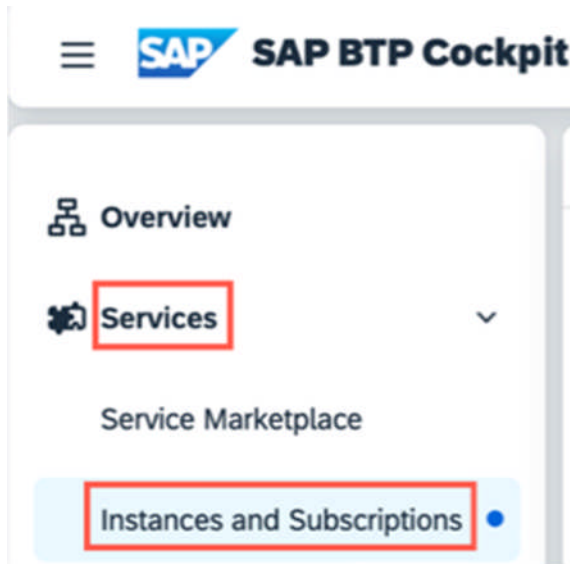

1.5 After running the booster, in the popup window, click **Navigate to Subaccount**.

From the navigation pane, select **Services** > **Instances and Subscriptions**.

2 Verify Subscription

2.1 From the navigation pane, select **Services** > **Instances and Subscriptions**.

2.2 Make sure you are subscribed to SAP Business Application Studio and to SAP Build Code.

2.3 Click **SAP Build Code**.

The SAP Build lobby opens.
